

GAMES PRESENTATION SCHEDULE

5 PM: JOURNEY

Journey is a beautifully crafted game that emphasizes exploration, emotional storytelling, and the beauty of the unknown.

6 PM: PATH OUT

Developed by a Vienna-based game company, Path Out recounts the of Abdullah's escape from the Syrian civil war. Explore how this narrative-driven game provides a unique perspective on the refugee experience.

7 PM: BEFORE YOUR EYES

This first-person narrative game uses a webcam to let players control the story with their blinks, exploring memory, mortality, and time.

8 PM: SIMS 4

In this life simulation game, players create and manage virtual lives. Discover how this modern digital dollhouse appeals to a diverse audience, fosters creativity, and provides tools for self-expression.

9 PM: FROSTPUNK (18+)

In this survival city-builder set in an ice age, players make tough decisions to manage both their city's infrastructure and its societal morals.

10 PM: FALLOUT 4 (18+)

A post-apocalyptic RPG exploring survival and societal rebuilding in a retro-futuristic universe through rich storytelling and open-world exploration.

Presentations are held by the students and teachers of the Game Studies and Engineering Master's Program
