Overall PWW Impression

- What worked? What didn't work? What kinda worked?
- Do you feel like you are more well-equipped in pursuing a PhD position or being financially independent as a researcher? If not, what do you think we can do better next time?
- Do you feel like you know more about writing research proposals?
- What input or activity was the most beneficial to your academic career in your opinion?

Thank you all very much for your
time, your enthusiasm, your ideas,
and your effort!
